### **Drugs, Special K & Evangelism** – Mark Sayers

*Page 7 and 8*

1. What's the first word that comes to *your* mind when you hear the word 'Evangelism'?
2. How would you define evangelism? Is it preaching to someone and hoping they respond? Being their friend and just rubbing off on them? Having a huge D&M about your faith? Getting alongside someone in life and trusting God will make it happen?
3. When was the last time you did/said something that could be classified as evangelism?
4. Do you think we as a generation have lost the focus, the art, the knowledge of the importance of evangelism – given the misconceptions of what it means?
5. Why do you think young adults balk at the idea of purposeful evangelism?
6. Jesus was different. There was nothing secular, 'normal' or cool about him he changed the world. When we are called to be like Jesus in every way, why do you think we pick and choose which bits to emulate? Why do we shy away from reflecting the same blatant Christianity like Jesus ourselves? What are we afraid of?
7. What else do you think Generation Y resists in Christianity?
