

JOHN AND GLENDA

Serving in the Silk Road Area

“We want to help people experience the fulness of life that God desires for them. As we serve people and build relationships, opportunities arise to share our life, joy and future hope. What a privilege and opportunity we have to work with a passionate group of people who share that vision for the people of Kazakhstan.”

John and Glenda with their children, David, Andrew, Philip and Heidi spent 12 years living and working in Papua New Guinea, and 20 years serving in Australia. Their abilities, experience and training have prepared them for John’s role as leader of the Global Interaction team in Kazakhstan at this strategic time.

John and Glenda will be joining the Silk Road team during 2009, where John will pick up the role of Team Leader when Bruce’s term concludes. Previous to this appointment John has been a State Director. This connection, along with their extensive experience, as well as their previous work in PNG, place John and Glenda in a strong position to give encouragement, leadership and wisdom to the team.
